Please don't take away Uber. We have used them numerous times in the last year. We never considered taxis before, Uber has kept us from driving when we shouldn't.

Subject: Keep Uber in service

As an Uber driver I hear "I love Uber!" from most of my riders. They especially like the timely service. They also like the clean, late model cars, and not having to deal with cash. To emphasize though, what seems most important is the timely service.

I drove a taxi in Columbia for about a year and I have been more strictly investigated by Uber, by far, than to drive taxi. A thorough back ground check, driving record and auto safety inspection by a major auto service company.

I love driving for Uber.

I feel important in so far as serving the public Ride Share program and having our riders show so much appreciation.

Please keep Uber serving the the riding public.

Thank you,

Ryan Scott Jordan

Please do not take UBER away from the state. I've lived in South Carolina for over 19 years and I love to ride in a taxi. My dad drives a taxi and it still didn't change my mind. Having UBER in Greenville is one of the best things that has happened. I get home safe fully and have never had any issues.

I don't understand the logic of shutting them down. It's a great service and way safer than a cab company.
